TWENTY EIGHTH ANNUAL AWARDS BANQUET

Manley Field House
Syracuse, New York
WELCOME

Welcome to everyone here tonight. We hope you enjoy this evening and Varsity Club Weekend.

The Varsity Club of Syracuse University has been in existence since 1934. It is an exclusive, viable organization which serves to enhance the athletic programs and promote the general welfare of Syracuse University.

In addition the Varsity Club strives to build interest, support and loyalty to SU athletics among all alumni and friends. The membership consists of men and women alumni who were awarded varsity letters as undergraduates at the University.

There is a natural spirit of comradeship among athletes who have shared in the winning or losing of athletic contests for Syracuse University. Pride in the game itself, pride in the University and a personal pride in having made a contribution to its athletic prowess is the adhesive that binds together in fellowship the members of the Varsity Club. The club works to keep this spirit of comradeship and loyalty alive to the everlasting benefit of the Alma Mater.

The LetterWinner of Distinction Awards and Dinner was started in 1965. It is an extremely popular and successful occasion. The awards are presented to Varsity Club members who were elected by their fellow members. To be eligible, candidates must have completed their education at Syracuse University at least 20 years ago, must have earned at least one varsity letter and must have gained distinction in their respective careers and communities. They should have brought honor to themselves and the University. Their loyalty, respect and contributions to Alma Mater should have been exemplary.

Through the years many great Varsity Club members have become recipients of this award. Additionally some outstanding non-letterwinners have been given honorary awards. Tonight we are pleased to add to our ranks the illustrious people we are honoring.

This is the 28th annual LetterWinner of Distinction Awards Banquet and each has been unique and very enjoyable. This prestigious affair will continue to proudly recognize the “loyal sons and daughters of Syracuse.”

This year all SU team members whose seasons ended in the number “2” (years 1932, 1942, 1952, 1962, 1972, 1982) received special invitations for team reunions. A good number of those teammates are on campus for Varsity Club Weekend.

Our congratulations and best wishes to all.

LETTER WINNER OF DISTINCTION
AWARD HISTORY

In the early 1960s, a group of Varsity Club directors led by Executive Secretary Charles A. Lee, Jr. decided to give an annual award to Syracuse University varsity letter winners who had received their degrees at least 20 years earlier and "who since leaving the University have gained distinction in their community or profession and brought honor to themselves and to the University."

The first LetterWinner of Distinction Awards Dinner was held in the Hotel Syracuse on October 15, 1965. J. Clinton Loucks was Varsity Club president; Harry Marley was committee chairman. They were assisted by 18 other officers and directors, several of whom are with us tonight.

The six men honored were selected by vote of the Varsity Club membership. They were: Gordon D. Hoople, a crew letter winner who became a physician and surgeon, serving in both World Wars; Lewis P. Andreas, who lettered in football and baseball and coached football and basketball at Syracuse University, later becoming director of athletics; Arnold M. Grant, a Manhattan lawyer who lettered in swimming and water polo; Earle J. Machold, a baseball letter winner, chief executive officer of the Niagara Mohawk Power Corporation, and a Syracuse University trustee; Victor A. Hanson, a football, basketball and baseball great, and later head football coach at Syracuse University; and John T. Connor, United States Secretary of Commerce who lettered in football.

In 1969, Chancellor Emeritus William Pearson Tolley was named the first honorary LetterWinner of Distinction. In 1970 an honorary award was made to Dr. George L. Manley, for whom Manley Field House was named. Also that year, a special award was presented to Roy D. Simmons, Sr., a 1966 honoree with letters in football, lacrosse and boxing who later coached all three sports at Syracuse University. In 1971 an honorary award was presented to Crandall Melvin, Sr., a Syracuse banker and long time friend of Syracuse University athletics. Some other special people who were presented honorary awards were Ben Schwartzwalder, Jim Decker, Horace Landry, Mel Holm, Chancellor Melvin Eggers, Father Charles Borgognoni, May Crandon and Coach Tom Keane.

The format of six or seven honorees each year and on occasion, honorary or special awards, has continued. The first women's award came in 1986 presented to golfer Virginia Guilfoil Allen. Counting tonight's honorees, there has been a total of 185 awards to SU varsity letter winners and 20 honorary awards.

The officers and board of directors of the Varsity Club of Syracuse University are proud and pleased to honor tonight's recipients with the prestigious "LetterWinner of Distinction" Award. These honorees were elected by the active members of the Varsity Club of SU.

Past LetterWinners of Distinction are listed in this program.
**Military:** Asher was called to active duty in 1941 in the middle of a two-year internship at St. Joseph’s Hospital. He served throughout World War II in the U.S. Army Medical Corps and was discharged with the rank of major in 1946.

**Career:** In 1946, Dr. Black began private practice in Syracuse. He was an attendant at St. Joseph’s Hospital and an associate professor at Upstate Medical Center. Asher was active in the formation of a cardiovascular laboratory and cardiac surgical program from which St. Joseph’s Hospital gained national fame. Among a number of papers he authored was one which described the acute coronary artery injury of extreme exertion, demonstrating the acute cracking and fissuring of atherosclerotic plaques. This has been termed in medical literature as “Black’s Crack in the Plaque.” In 1962, Asher and his brother, Dr. Martin Black, were involved in the first out-of-hospital recovery of a fatal event by sustained cardiac massage and mouth-to-mouth respiration. In 1976, Dr. Black described a case of what appeared to be a complete coronary occlusion, with dead myocardium (heart muscle), as only stunned and aggressive by-pass surgery resulted in a complete recovery. His term “Stunned Myocardium” is now the accepted nomenclature of this condition. Some 50 years after receiving his medical degree, Dr. Black is an active practicing cardiologist and internist who is a Fellow of the American College of Cardiology, the American College of Chest Physicians and the American College of Angiology. He has been published in the New England Journal of Medicine, the American Journal of Cardiology and other publications.

**Community:** Dr. Black has served as president of the St. Joseph’s Hospital staff. He has been active in Temple Adath Synagogue and the Jewish Federation as fund drive chairman. In 1977 he received the Esther and Joseph Roth Award. Asher and Lillie Black are parents of three children and grandparents of three boys headed for SU.

**University:** Asher lettered in boxing in 1933, 1934 and 1935. The 1934-35 Syracuse University boxing team won the national title. A member of the Varsity Club and Orange Pack, Asher has contributed to various fund raising efforts, including the Ernie Davis Football Club and the Schwartzwalder Field Fund in the new Colvin Park athletic complex. He is a member of SU’s Society of Fellows.

**College:** Co-captain of the 1953 SU freshman lacrosse team, Stew became a three-time All-American, earning honorable mention honors in 1954, third team honors in 1955 and first team honors in 1956. He played for the North All-Stars in 1956 and was voted Outstanding Player for the Upstate New York area.

**Military:** Stew enlisted in the U.S. Naval Reserve during his years at SU and was commissioned an ensign in 1956. On active duty from 1956-60, he served three years aboard an attack cargo ship and one year as commanding officer of U.S. PT 812. He received the Armed Forces Expeditionary Medal for his service in the Beirut intervention in 1958 and retired as lieutenant commander in 1975.

**Career:** Stew is interim headmaster of Kingswood-Oxford School in West Hartford, CT, a private secondary school where he has taught and coached since 1968. During his tenure, he has served as assistant headmaster, dean of students, head of the lower school, associate director of admissions and teacher of mathematics. Head boys varsity lacrosse coach at Kingswood-Oxford since 1969, Stew has compiled a career coaching record of 301-179-2. He has been named Western New England Coach of the Year three times and was selected to coach the North Team for the first North-South High School All-Star lacrosse game in 1983. Stew taught mathematics at Cheshire (CT) Academy where he also served as head of the middle school, associate dean of students, and head boys varsity lacrosse coach.

**Activities and Honors:** Stew has been a national leader for the sport of lacrosse. He served as president of the U.S. Secondary Schools Lacrosse Coaches Association from 1971-78, a member of the Executive Committee from 1969-78, and an officer in the New England Secondary Schools Lacrosse Association three times. He was profiled by Lacrosse magazine in 1984 and serves on the magazine’s editorial board. He is the first coach to take an American secondary school lacrosse team to Australia.

**Community:** Stew serves as coordinator for the Lacrosse Nutmeg Games and Baystate Games, officer and referee in the Farmington Valley Lacrosse Little League, and board member of the Greater Hartford Writing Institute and the WALKS Foundation.

**University:** Stew is an active member of the Varsity Club, Stickmen’s Club and is a contributor to the Simmons Scholarship Fund and the SU Annual Fund.

Anthony “Tony” DeFilippo was an outstanding attorney for 50 years in the Elmira, New York area after attaining his law degree from Syracuse University.

A tremendous athlete in his youth, Tony was All-State in basketball and was a key member of his state championship high school team in 1926. He earned a scholarship to Syracuse and remained a staunch supporter of the university throughout his life.

“Tony was a fine athlete,” said his coach Lew Andreas. “He was scrappy ... a sparkplug ... the scrappiest basketball player I ever had.”

In the Elmira community, Tony was known to be a competent and highly respected attorney who studied, prepared himself and knew what his opponents were going to do. It was a modus operandi that came from his years in sports.

According to his family and friends, Tony was a champion of the underprivileged and a considerable percentage of his practice consisted of people who couldn’t afford to pay him up front. “He always looked out for the little guy and didn’t really care much what kind of background they were from or what they could afford to pay,” his son Ted observed. Longtime friends Al Mallette and Marty Harrigan said, “Tony did a lot of things for a lot of people behind the scenes. He was a gentle, loving guy who would bend over backwards to do everything possible to help a friend in need.”

Instrumental in recruiting Ernie Davis, Syracuse’s first and only Heisman Trophy winner, Tony was also Ernie’s personal advisor. He negotiated Ernie’s National Football League contract with the Cleveland Browns—a three-year agreement for $65,000 plus a $15,000 signing bonus—which was a lucrative contract in 1962.

Tony was active in many civic, charitable and community projects including the Elks, Fur, Fin and Feathers, the Elmira Country Club and the Coldbrook Club. He was involved in the Ernie Davis Memorial Scholarship Fund, the Community Foundation of Chemung County and the Ernie Davis Community Center of Elmira. An avid SU sports fan and supporter, Tony was a member of the Varsity Club of Syracuse University for many years.

He is survived by three sons, Anthony, Jr., Frederick J. and Gerald E. DeFilippo of Elmira, several grandchildren and other relatives.

Military: While attending SU, Gary enlisted in the U.S. Naval Reserve, participated in the Reserve Officer Candidate Program and was honorably discharged in 1970.

Career: Gary began his career with the City of Syracuse Urban Renewal Agency where he planned and directed large-scale development programs involving residential and commercial projects. He pioneered the development of the “in-fill” housing concept of low-density scattered site housing for low income families which is still in use today. In 1972, Gary joined The Pyramid Companies and worked on the development of their office building construction and leasing division. In 1976 he formed his own real estate brokerage company, specializing in office space lease negotiations. This led to his becoming a partner with the Edgewater Development Company and subsequently, The Edgewater Companies. Since 1980, The Edgewater Companies have developed in excess of one million square feet of office space and was a general partner in the development of the Glen Park Hydroelectric project near Watertown, New York. Gary is pursuing land development projects in North Carolina and northern New York along with various securities investments.

Community: Gary is vice president of the Board of Directors of Syracuse Stage and serves on the boards of the Syracuse Symphony and Elmcrest Children’s Center. He was chair of the St. Marie Adventure Fund Drive and belongs to the City of Syracuse Cable Television Advisory Commission and the Syracuse Landmark Preservation Board. He is a former director on the Foundation Board of SUNY Canton College and has sponsored the Onondaga County Scholarship there.

Sports: Past president of the Syracuse Sports Corporation and the Syracuse Friends of Boxing, Gary is a founding member of the Syracuse Sports Hall of Fame. He is currently a member of the Board of Directors of the U.S. Amateur Boxing Foundation.

University: Gary belongs to the Society of Fellows and the Chancellor’s Council. He sponsors a scholarship program which assists SU students who encounter financial difficulties. Gary has also provided significant financial support to the lacrosse program and actively fund raises for the Roy Simmons, Sr. Scholarship Fund. He has served on the Orange Pack Board since 1982. In 1987, Gary received the Lifetime Most Valuable Player Award from the Orange Pack’s Ernie Davis Club.

ALMA MATER

Where the vale of Onondaga meets the eastern sky,
Proudly stands our Alma Mater on her hilltop high.

Flag we love, Orange,
Float for aye,
Old Syracuse o'er thee!

Loyal be thy sons and daughters
To thy memory.

When the evening twilight deepens and the shadows fall,
Linger long the golden sunbeams on the western wall.

Flag we love, Orange,
Float for aye,
Old Syracuse o'er thee!

Loyal be thy sons and daughters
To thy memory.

When the shades of life shall gather; dark the heart may be,
Still the ray of youth and love shall linger long o'er thee.

Flag we love, Orange,
Float for aye,
Old Syracuse o'er thee!

Loyal be thy sons and daughters
To thy memory.
